¹ Includes funds appropriated to state agencies, not funds appropriated directly to communities or other organizations.

² Jobs are calculated by dividing the number of hours reimbursed by ARRA funds by the number of hours available in the work period. Unlike expenditures, jobs are reported on a quarterly rather than cumulative basis.

³ Some of the grants appropriated by the Legislature are not subject to Section 1512 ARRA reporting. However, the grantees are still required to submit quarterly financial reports that do not generally provide the level of detail required by ARRA reporting.
